PROCEDURES FOR SUBMITTING PROTESTS

Any person may file protest against a stockpond registration based on injury to prior rights. Protests should be submitted on standard protest forms available from the State Water Board or on the Division's web site www.waterrights.ca.gov, but can be submitted in letterform. The protest must clearly set forth the protestant's opposition to the stockpond registration based on interference with prior water rights. The protest must describe the specific injury to the existing water right that would result from approval of the registration. In addition, the party claiming injury to prior rights must provide specific information that describes the bases of the existing right, the date the use began, the quantity of water used the, purpose of use and the place of use. Please note that any registration approved by the State Water Board is subject to and includes conditions to protect vested water rights. The protest should be submitted to:

State Water Resources Control Board
Division of Water Rights
P.O. Box 2000
Sacramento, CA 95812-2000

In addition, the protestant must send a copy of the protest to the registrant. Protests filed in response to this notice must either be postmarked, or received in the office of the State Water Board's Division of Water Rights (1001 "I" Street, 14th Floor, Sacramento, CA) **by 3:00 p.m. on the 30th day** after the date of the notice. Due to the constraints of the noticing period, protests may be filed by FAX at (916) 341-5400. However, an original copy of all materials must be received for the State Water Board to consider your protest. For good cause, the State Water Board may grant an extension of time to file the protest. It is the protestant's responsibility to contact Yoko Mooring at (916) 341-5362 and receive an extension of time to submit the protest prior to the final filing date and time.

RESOLUTION OF PROTESTS

The protestant(s) and the registrant are encouraged to discuss methods that could be used to resolve the protest. If the protest(s) cannot be resolved, the State Water Board may conduct a field investigation.
